KEMPE'S 50TH BIRTHDAY

APRIL 29, 2022 | 5:30 PM

The Cable Center
2000 Buchtel Blvd S
Denver, Colorado 80210

SIGN UP AT
KEMPE.ORG/BIRTHDAY

50 years ago, Dr. Henry Kempe embarked on a mission to prevent and treat child abuse and neglect, forming The Kempe Center. Today, it is recognized as the world leader in innovating solutions to improve the care and well-being of all children and families.

In April 2022, we will celebrate this milestone anniversary by throwing a birthday party to honor the achievements of the Kempe Center's dedicated professionals and recognize the children and families who have been a part of our history.

Inspired by Dr. Kempe's vision of a world where all children are happy and healthy, this birthday extravaganza will bring out the kid in all of us. Our 50th birthday will be an opportunity to tap into your child-like spirit and celebrate all the young lives Kempe has positively impacted over the last 50 years.

Mark your calendars for April 29, 2022 as we're going to celebrate in style.

OUR HONOREES

IMHOFF FAMILY COMMUNITY AWARD

MidFirst Bank and its employees are longtime supporters of The Kempe Foundation and strong supporters of the communities they serve. They invest time and money on important educational, charitable and civic organizations. Volunteerism is important to MidFirst as giving back is powered by its employees from all of the communities in which they live and share with their customers. MidFirst Bank is the largest privately-held bank in the United States serving 900,000 customers nationally and offers a full range of personal, commercial, trust, private banking and mortgage banking products and services. Their people and culture truly define the MidFirst Bank difference.

KEMPE PROFESSIONAL AWARD

Children's Hospital Colorado;
Jena Hausmann, President
& Chief Executive Officer

The COVID-19 pandemic has brought Colorado to an inflection point in the care and well-being of our children. In May 2021, Children's Hospital Colorado declared a "State of Emergency" for youth mental health, prompted by inpatient units overrun with youth suicide attempts and suffering from other forms of major mental health illness.

The strong partnership between Children's Colorado and Kempe are vital to support those in need. Today, families, human services and law enforcement agencies, healthcare professionals and educators turn to the only hospital-based multidisciplinary child protection team in Colorado for consultation and support.

Jena leads a pediatric healthcare system that includes more than 11,000 professionals delivering the highest levels of care from four hospitals in the Denver metro area and Colorado Springs and 14 additional specialty care locations throughout the state. Under her leadership, Children's Hospital Colorado has been routinely identified as one of the top 10 pediatric hospital systems in the country and recognized nationally and internationally for its medical, research, education, and advocacy programs.

About THE KEMPE FOUNDATION

At the Kempe Foundation, we believe that every child should have the opportunity to develop and grow in a safe, healthy and nurturing environment. We secure and provide resources for prevention and treatment programs; advocate for children before state and federal lawmakers and secure state and federal funding for prevention and treatment programs; and engage communities to increase public awareness about child abuse and neglect. We ask you to become a friend to Kempe and a friend to children.
