

THE RICHARD D. KRUGMAN PROFESSORSHIP

IN CHILD ABUSE POLICY, PRACTICE, AND PREVENTION

The holder of this endowment is intended for a professor in one or more of the Health Profession Schools on the CU Anschutz Medical Campus, and who embraces multidisciplinary research and practice and policy development within the wider state, national, and international community.

Established in 2025 by Richard D. Krugman, MD

The Krugman Professorship has been established in recognition of Dr. Krugman's 50 years of contributions toward the prevention of childhood trauma, abuse, and neglect. It represents a lasting legacy to his compassion for children.

"This endowment ensures The Kempe Center remains a leader in the field of child abuse prevention, treatment, and policy. It should help attract outstanding scholars to our multidisciplinary academic center for years to come."
